

2 Door Kit - Standard

The Controller 6000 2 Door Kit - Standard provides a cost effective means of managing one to two doors on a single Controller, powered by a traditional mains-fed power supply.

Features and benefits:

- Cost effective means for providing distributed access intelligence at every door
- Minimized costs for organizations connecting many distributed one to two door sites to one instance of Command Centre
- Preinstalled hardware and software minimizes installation costs
- Multiple sites with only one to two doors can connect to once centralized security system - Command Centre

Each cabinet houses any one of the following options:

- Controller 6000, 2 Door Controller
- I/O Mounting Plate
- **Power Supply, 3.5A** - The 3.5A Power Supply is equipped with battery terminals and connection leads, 13.8VDC power connections, and mains fail and battery lower output connections.
- **Fuse & Fire Relay Board** - The Fuse and Fire Relay Board board provides five 1A glass fuses for optional electrical protection, with an additional spare fuse provided. The board also provides a fire drop relay, which allows a fire protection panel to directly control power to a sites' doors in case of fire emergency.
- HBUS 8 in 2 Out Door Module / HBUS 4 In 2 Out Door Module - Wiegand / GBUS URI Wiegand Module

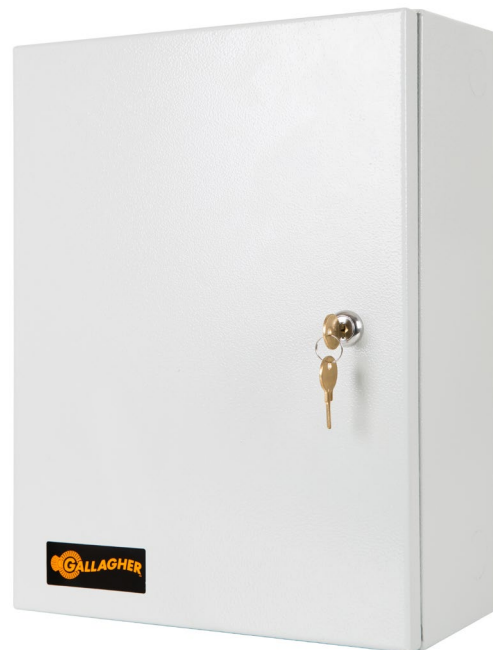

C6000 2 Door Kit - Standard

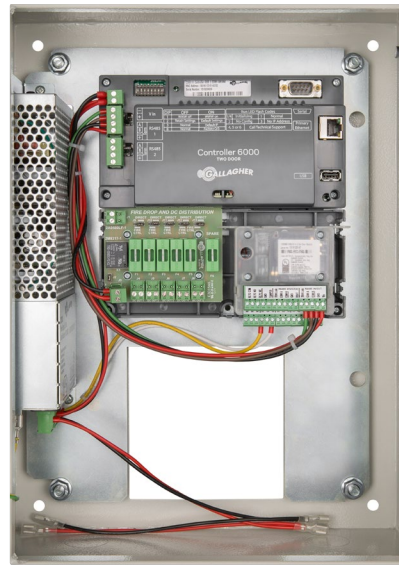

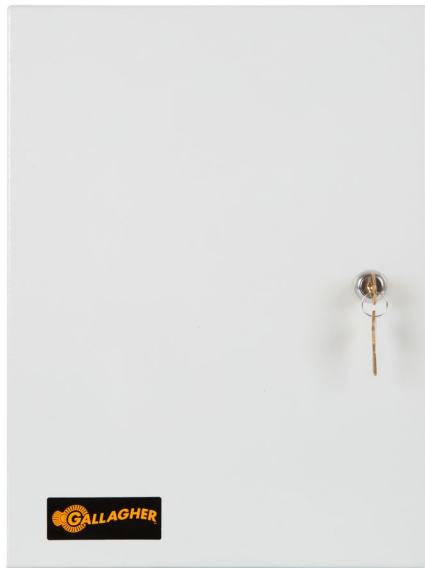

Measuring 400 x 300 x 150mm, the 2 Door Controller Cabinet features a variety of cable entry options, including top, bottom and side knock-outs, and rear cable entry options.

The cabinet supports both front and rear optical tampers on the Controller 6000 2 Door kit variant providing detection of cabinet opening and wall removal occurrences.

A removable back plate allows the cabinet and power supply to be fitted to the wall and connected to the mains power separately to the installation of the controller and I/O board hardware.

The 2 Door Controller Cabinet provides space and connectors for 1 x 7Ah standard battery.

Technical Specifications

Kit part numbers		Command Centre compatibility		
C302910	Controller 6000 2 Door Kit - Standard (HBUS variant)	v7.30 or later		
C302911	Controller 6000 2 Door Kit - Standard (Wiegand variant)	v7.30 or later		
C302912	Controller 6000 2 Door Kit - Standard (Wiegand via HBUS)	v7.90 or later
