

Command Centre Mobile

Site Security App

The Gallagher Command Centre Mobile App enables you to extend your security and access control directly to where you need it.

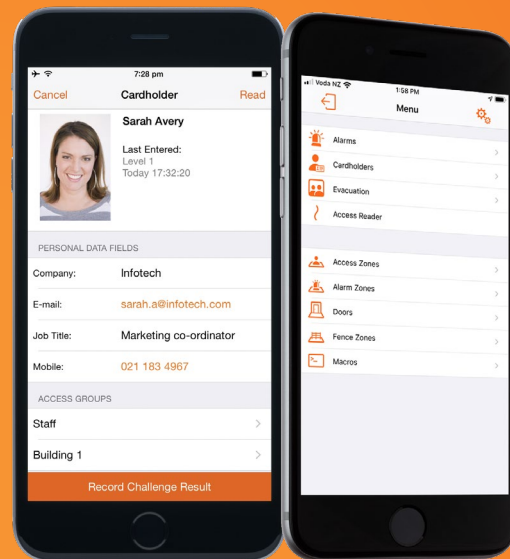

Secure Mobile Control

Downloadable from the Apple App and Google Play stores, this software provides you with the ability to manage your security from your mobile device. The Mobile App interfaces directly with Gallagher Command Centre, and allows you to:

- View and process alarms
- Monitor and override the status of doors and zones
- Lockdown zones quickly
- Trigger macros to perform custom functions (e.g. open gates or doors)
- Actions performed using the Command Centre Mobile App are logged as events within Command Centre
- Disable a cardholder's access
- QR and Barcode scanning for quick identification
- Receive Command Centre notifications on your mobile
- Capture cardholder photos
- Read both Mobile Connect and some card credentials natively

Available for Android 5.0 or higher, and iOS 11.0 or higher

Command Centre Mobile App 2A8559

Mobile Card and Credential Reading

Command Centre Mobile can read cards and credentials (iPhone only). Mobile Connect credentials can be read on any iPhone. DESFire and PIV cards (CHUID only) can be read on an iPhone 7+ without attached hardware. Mifare Classic, Plus, DESFire, PIV (CHUID only) and 125kHz cards can be read on any supported iPhone with the Mobile Reader attachment.

Mobile Reader C861301

- Automatic cardholder search
- Reads all Gallagher encoded MIFARE® and PIV cards, 125 kHz
- Supports: iPhone SE, 6, 6 Plus, 7, 7 Plus, 8, SE (2020)
- Phones have unique attachment trays*

*trays purchased separately

Optional Functions

Optional licensed features are available to expand the functionality of your mobile solution beyond the core set.

Mobile Access Feature 2A8561

- Move cardholders into access zones (Requires Mobile Reader and Command Centre Mobile license)
- The cardholder's access privileges are authenticated via Command Centre to ensure accurate access decisions.

Mobile Evacuation Feature 2A8568

- Move cardholders into access zones from a mobile device
- Monitor cardholder counts in real-time

Mobile Reader Phone Trays

These trays secure the mobile phone to the Mobile Reader, supporting the same Apple devices that are compatible with the Command Centre Mobile App. These trays also allow all hardware buttons and cameras to be used. The table below shows which trays are suitable for what phones.
