

# Create a safe secure workplace.

## VISITORS

Welcome your visitors with confidence.

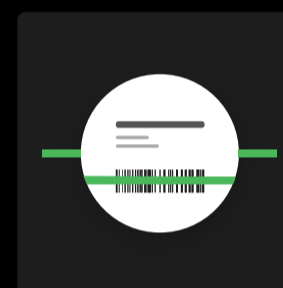

From meeting creation, pre-registration and touchless on-site check-in, Kenai provides an adaptable and safe solution for welcoming visitors to your office.

## EMPLOYEES

Screen your employees at home and onsite.

Customised questions, automated responses, temperature reading and many more features to create a streamlined screening process for your employees.

## PARKING

Rapidly scan vehicles and pedestrians.

For both pre-invited and walk-ins, Kenai provides a customisable flow to capture the details you need from every vehicle or pedestrian entering your premise.
