

# Walltop Systems

Gallagher's low-cost electric fence solution for walls, roofs and fences

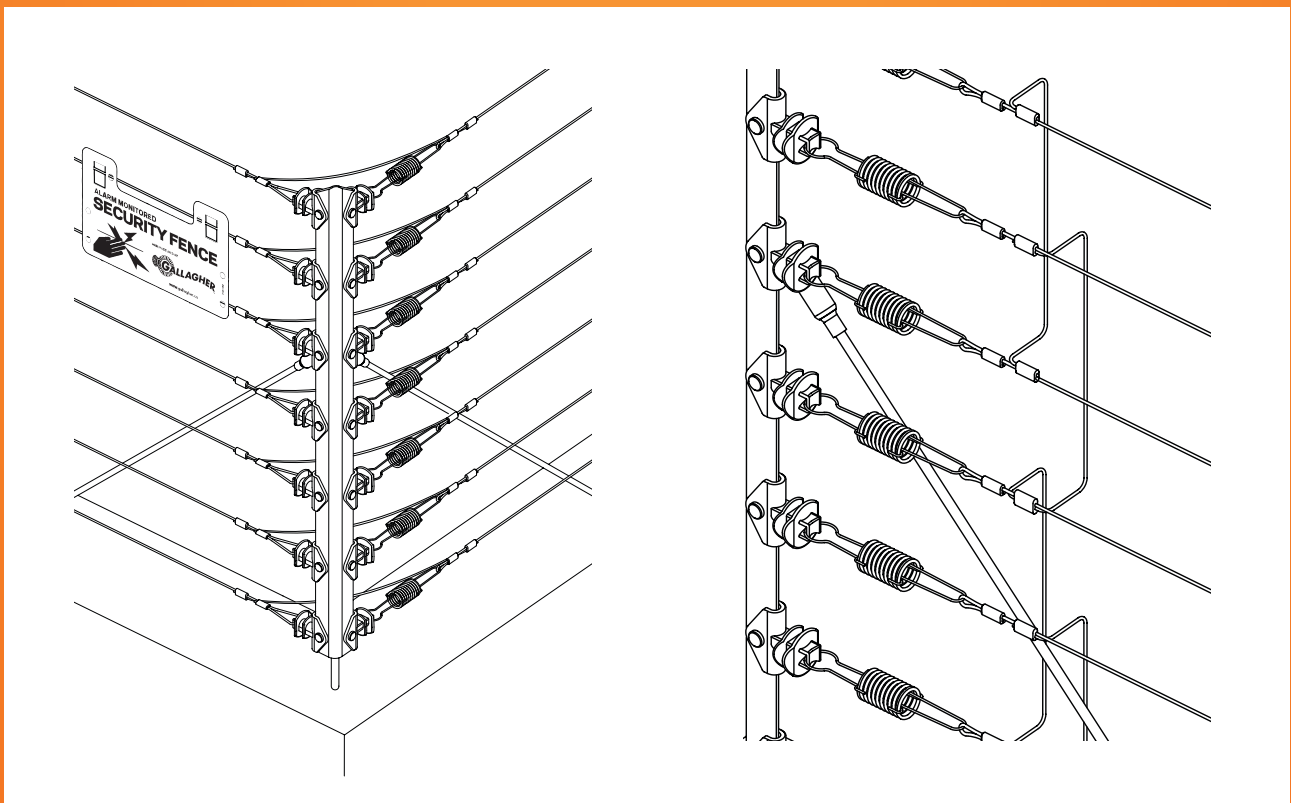

Gallagher's electric fence Walltop Systems provide a flexible and lightweight perimeter security solution, and are ideal for both small and large sites.

## Features and benefits:

- For wall or fence top
- Can be mounted vertically or horizontally, or any angle inbetween
- No special tools required
- Mount to structures where a full-sized fence is unsuitable or where a topper is required
- Active deterrent and detection
- Flexible breakaway insulator hampers any climb-over attack, and enhances alarm generation
- Compatible with all Gallagher fence controllers
- Low tension (5kg spring) prevents structural distortion

## When combined with a Gallagher fence controller:

- Fully networked or standalone
- Regulated electrical pulse sent around the fence
- Immediate alarm raised if climbing or cutting of the fence is detected
